If new contracts of such class of contracts are not currently being issued, then this amount will be calculated on the basis of our current assumptions for new annuitizations of the same type of annuity payments. The current Replacement Ratio is the Replacement Ratio as of the date of the calculation.

2. OWNER AND BENEFICIARY

Owner

The Owner is the person(s) or entity to whom this contract is issued or who subsequently succeeds as Owner in accordance with the provisions of this contract. If this contract is a Qualified Contract, the Annuitant must be the person for whose benefit the contract is purchased and the Owner will be either the qualified plan or the person for whose benefit the contract is purchased, whichever is required by the applicable section of the Internal Revenue Code.

Joint Owners

If there is more than one Owner we consider them to be joint Owners. At issue, joint Owners are not permitted if there is a Non-Natural Owner or under Qualified Contracts.

Each joint Owner will possess an undivided interest in the contract. Each joint Owner named in our records must sign any written request for a contract transaction. Unless otherwise provided, if a joint Owner dies, ownership passes to the surviving joint Owner. If there are joint Owners, all references to "Owner", "you", "your" or "yours", are deemed to include all joint Owners, unless otherwise specified.

Qualified Contracts

For Qualified Contracts, unless we determine that the transaction conforms with the requirements of the applicable section of the Internal Revenue Code, the Owner may not:

- change the Owner or Payee;
- sell or assign this contract;
- pledge this contract as collateral for a loan or as security for the performance of an obligation or for any other purpose to any person other than GIAC, unless the Owner is:
 - the trustee of any employee trust qualified under the Internal Revenue Code;
 - the custodian of a custodial account treated as such; or
 - the employer under a qualified non-trusteed pension plan.

Change of Owner

You may change the Owner of this contract by a written request in Good Order. Such change may be subject to state and federal gift taxes, federal income taxes and penalty taxes. If there are joint Owners, both Owners must agree in writing to any change of Owner. Any new Owner must meet our issue requirements in effect on the Business Day we receive your written request in Good Order at our Customer Service Office. We reserve the right to restrict ownership changes to once per calendar year.

Beneficiary

The Beneficiary is named by you and is shown on the Contract Data page, or subsequently named in any later change shown in our records. In the absence of any surviving Owner, the Beneficiary succeeds as Owner upon the death of the Owner.

Change of Beneficiary

The Owner may, subject to any existing assignment, change the Beneficiary at any time. The change will take effect as of the date the request is signed whether or not the Owner or Annuitant is living when we receive the request in Good Order at our Customer Service Office. However, the change will not apply to any payments made or actions taken by us before the request is received in Good Order.

Assignment

We will not be bound by an assignment unless it is received at our Customer Service Office in Good Order and is accepted by us. An assignment must be signed and dated by both the assignor and the assignee and, as applicable, by the Beneficiary. The rights of any Owner or Beneficiary and the entire contract, as defined in The Contract provision set forth in the General Provisions section of this contract, will be subject to the assignment. We will rely solely on the assignee's statement as to the amount of the assignee's interest. We will not be responsible for any tax consequences arising from or the validity of any assignment, or for any actions taken in reliance on the validity of the assignment.

Unless otherwise provided, the assignee may exercise all rights granted by this contract except the right to change the Owner or Beneficiary. Assignments are subject to all payments made or actions taken by us on or before the Business Day we accept the assignment at our Customer Service Office.

Death of an Owner On or After the Annuity Commencement Date

Upon the death of an Owner on or after the Annuity Commencement Date, ownership will pass to:

- any surviving joint Owner; if none then
- any surviving Primary Beneficiary; if none then
- any surviving Contingent Beneficiary; if none then
- the last surviving Owner's estate.

If the death of both the Owner and any person identified above to succeed as Owner occurs within 15 calendar days of each other, for purposes of this provision it is assumed that such person predeceased the Owner.

When ownership passes to multiple Primary or Contingent Beneficiaries, each Beneficiary at the applicable level succeeding to ownership becomes an Owner of that portion of the annuity benefit designated for that Beneficiary by the deceased Owner; if no portion is so designated then each Beneficiary shares equally. Each new Owner has ownership rights only to the extent of the portion of the annuity benefit that has been designated for the respective Beneficiary.

Death of an Owner or Annuitant Prior to the Annuity Commencement Date

Upon death of all Owners or the last surviving Annuitant prior to the Annuity Commencement Date, we will refund the single premium and this contract will terminate. The refund will be paid to any surviving Owner as determined under the Death of an Owner On or After the Annuity Commencement Date provision.

Death of the Annuitant On or After the Annuity Commencement Date

Upon the death of the last surviving Annuitant on or after the Annuity Commencement Date, Annuity Payments will stop unless such death occurs prior to the Annuity Payment Guaranteed Period End Date shown on the Contract Data page. In that case, Annuity Payments will continue as described in the applicable Annuity Payment Option provision.

Death of Beneficiary

In the event that a Primary Beneficiary predeceases the last surviving Owner, unless otherwise elected by that Owner in a written notice received at our Customer Service Office in Good Order, any share of ownership rights due that deceased Primary Beneficiary will be distributed pro rata among any surviving Primary Beneficiaries. In the event that all Primary Beneficiaries predecease the last surviving Owner, ownership rights upon that Owner's death will pass to the surviving Contingent Beneficiaries. In the event that a Contingent Beneficiary predeceases the last surviving Owner, unless otherwise elected by that Owner in a written notice received at our Customer Service Office in Good Order, any share of ownership rights due to the deceased Contingent Beneficiary will be distributed pro rata among any surviving Contingent Beneficiaries. An Owner may instead elect to name Contingent Beneficiaries in a numbered sequence. If so, ownership will pass to the surviving Contingent Beneficiary and a third Contingent Beneficiary, ownership will pass to the first Contingent Beneficiary if living. If, upon the death of the last surviving Owner, the first Contingent Beneficiary only if neither the first or second Contingent Beneficiaries is alive. If there are no surviving Beneficiaries, we will pay the benefits to the estate of the last surviving person who has succeeded as Owner pursuant to the Death of an Owner On or After the Annuity Commencement Date provision.

3. ANNUITY PAYMENTS

Annuity Payments

On the Annuity Commencement Date, if at least one Annuitant is living and we have received appropriate funds representing full payment of the single premium shown on the Contract Data page, we will begin to make Annuity Payments under the Annuity Payment Option shown on the Contract Data page. You may elect for payments to be made monthly, quarterly, semi-annually or annually or in any other frequency that we make available. The Annuity Payment Frequency is shown on the Contract Data page. You may change the Annuity Payment Frequency if we receive a written request in Good Order at our Customer Service Office prior to the Annuity Commencement Date. The Annuity Payment Frequency may not be changed on or after the Annuity Commencement Date. The Annuity Commencement Date is shown on the Contract Data page and will not be earlier than one month or later than 13 months from the Issue Date.

All Annuity Payments are based on:

- the age and sex (if a Non-Qualified Contract) of the Annuitant(s) at the birthday(s) nearest the Annuity Commencement Date:
- the Annuity Payment Option elected; and
- the Annuity Payment Frequency.

Payee

We make Annuity Payments to the Payee(s). Unless otherwise elected by the Owner, the Owner is the Payee. The Owner, subject to our approval and in accordance with the provisions of this contract, may elect to name a new Payee. If a new Payee is named, we will begin making payments to the new Payee once we receive written notification at our Customer Service Office in Good Order of the new Payee. In addition, the Payee may change if:

- there is a change of Owner; or
- a Payee dies.

In either case, unless otherwise elected by the Owner in a written notice received at our Customer Service Office in Good Order, the Owner becomes the new Payee.

If we have reason to believe that the last surviving Annuitant is no longer living and any Guaranteed Period has ended or if we do not have the necessary information in order to make an Annuity Payment to any new Owner or Payee, we may suspend Annuity Payments until such time that the necessary information is received in Good Order at our Customer Service Office. Once such information is received, any suspended Annuity Payments will be paid to the Payee.

Annuity Payment Options

You may elect to receive Annuity Payments from one of the following options. On or after the Issue Date, you may not change the Annuitant(s), Annuity Commencement Date, Annuity Payment Option, guaranteed period or, in the case of a Joint Life Annuity with Survivor Benefit, the survivor percentage.

Life Annuity without Guaranteed Period

We will make Annuity Payments during the lifetime of the Annuitant. We do not guarantee a minimum number of Annuity Payments under this option. Payments stop upon the death of the Annuitant.

Life Annuity with Guaranteed Period

We will make Annuity Payments during the lifetime of the Annuitant. Payments are guaranteed for the number of full years chosen in the application. The Annuity Payment Guaranteed Period End Date is shown on the Contract Data page and cannot be changed. If the Annuitant dies before the Annuity Payment Guaranteed Period End Date, we will pay the balance of the payments for the remainder of that period, unless the Owner elects to be paid the present value of the current dollar amount of the then remaining guaranteed Annuity Payments for that period in a lump sum.

Life Annuity with Refund Certain

We will make Annuity Payments during the lifetime of the Annuitant. Payments are guaranteed until the amount of the accumulated Annuity Payments equals the Net Premium shown on the Contract Data page. The Annuity Payment Guaranteed Period End Date is shown on the Contract Data page and cannot be changed. If the Annuitant dies before the Annuity Payment Guaranteed Period End Date (the date the total Annuity Payments equals the Net Premium), we will pay the balance of the payments for the remainder of that period unless the Owner elects to be paid the then remaining guaranteed Annuity Payments for that period in a lump sum. If a Payment Acceleration Rider is attached to this contract and a payment acceleration is exercised under such rider, the full amount of any Annuity Payments accelerated rather than the actual accelerated Annuity Payment (which may be a lower present value amount) will be used when calculating the amount of total Annuity Payments that have been paid under this Annuity Payment Option.

Period Certain Annuity

We will make Annuity Payments for a fixed period of time. Payments will continue until the Annuity Payment Guaranteed Period End Date shown on the Contract Data page. This date cannot be changed. If the Annuitant dies before the Annuity Payment Guaranteed Period End Date, we will pay the balance of the payments for the remainder of that period, unless the Owner elects to be paid the present value of the current dollar amount of the then remaining guaranteed Annuity Payments for that period in a lump sum.

Joint Life Annuity with Survivor Benefit

We will make Annuity Payments while at least one of the Annuitants shown on the Contract Data page is living. Based on your selection, payments may have no guaranteed period or may have a guaranteed period. If a guaranteed period is elected, the Annuity Payment Guaranteed Period End Date is shown on the Contract Data page. This date cannot be changed. When the first of the Annuitants dies, if there is no guaranteed period, payments based on a percentage of the Annuity Payment in effect while both were living will continue for the lifetime of the surviving Annuitant. If there is a guaranteed period and the first of the Annuitants dies prior to the Annuity Payment Guaranteed Period End Date. Thereafter, Annuity Payments will be based on a percentage of the Annuity Payment in effect while both were living will continue for the lifetime of the surviving Annuitant. The Joint and Survivor Percentage is shown on the Contract Data page and cannot be changed. If both Annuitants die before the Annuity Payment Guaranteed Period End Date, we will pay the balance of the payments for the remainder of that period, unless the Owner elects to be paid the present value of the current dollar amount of the then remaining guaranteed Annuity Payments for that period in a lump sum.

Annuity Payment Increase Benefit

For certain Annuity Payment Options, you may choose to have Annuity Payments increase annually by a fixed percentage. If elected on the application, each year the amount of the increase in the Annuity Payment is determined by multiplying the Annuity Payment Increase Percentage shown on the Contract Data page by the prior year's Annuity Payment.

If a Joint Life Annuity With Survivor Benefit is elected, the amount of the Annuity Payment beginning on the Contract Anniversary occurring on or after the later of the Annuity Payment Guaranteed Period End Date or the date of the first Annuitant's death is calculated by multiplying (a) the Annuity Payment Increase Percentage by (b) the Annuity Payment after the adjustment described in the Joint Life Annuity with Survivor Benefit provision.

Present Value of Remaining Payments Upon Death of Annuitant

If the last surviving Annuitant dies prior to the Annuity Payment Guaranteed Period End Date, during the 6 month period beginning on the date we receive notice of such death (the "Election Period"), the Owner has the option to elect to receive all remaining guaranteed Annuity Payments in a lump sum. The present value of the remaining Annuity Payments will be determined as of the date we receive written request at our Customer Service Office in Good Order. For certain Annuity Payment Options, the lump sum payment will be the present value of the remaining Annuity Payments and as such will be for an amount less than the sum of the remaining Annuity Payments payable through the Annuity Payment Guaranteed Period End Date. The interest rate used to compute the present value of such remaining Annuity Payments will be the average of the Monthly Average of the Composite Yield on Seasoned Corporate Bonds, as published by Moody's Investor Service, Inc. or its successor for the 12 months preceding the calendar month ending one month before the first day of the month in which the request for the lump sum is received rounded to the nearest 1/20th of a percent, plus 1%.

During the Election Period, the Owner may request information on the calculation of the present value of any remaining Annuity Payments. Within 15 days of our receipt of such request, we will provide you with the following: (a) the present value of the remaining Annuity Payments; (b) an explanation of how the present value of the remaining Annuity Payments was calculated; (c) the current Replacement Ratio and (d) the paperwork necessary to process a lump sum payment request.

If you request to receive a lump sum payment of the present value of the remaining Annuity Payments prior to receiving the information described above, we will send the information to you within 15 days of our receipt of such request. You may then elect to receive the lump sum payment by submitting the completed paperwork in Good Order to our Customer Service Office. We will send you the lump sum payment within 15 days of our receipt of such paperwork.

Beneficiary Restrictions

The Owner shown on the Contract Data page as of Issue Date may designate that a Beneficiary who subsequently becomes an Owner under this contract cannot elect to receive the present value of remaining Annuity Payments in a lump sum. Such designation must be made in writing in Good Order, and may only be revoked by the written notice received at our Customer Service Office in Good Order by all Owners shown on the Contract Data page as of the Issue Date who are still living as of the date of the request for revocation. Upon the death of such Owner(s), a Beneficiary who then becomes an Owner will not be able to revoke this restriction.

4. GENERAL PROVISIONS

The Contract

The entire contract consists of this contract and any attached endorsements and additional benefit riders. We rely upon the statements made by the applicant in issuing this contract. All statements made by the applicant are assumed to be true to the best knowledge and belief of the person(s) making them. These statements are representations and not warranties.

Only the President, a Vice President, or the Secretary of GIAC may make or modify this contract, and then only in writing. No agent is authorized to change this contract, waive any of our requirements or waive an answer to any question in the application(s).

We will not be bound by any promise or statement made by any agent or other person except as stated above.

We may at any time make a change in this contract to the extent that such change is required in order to make this contract conform with any law or regulation issued by a governmental authority to which it is subject.

Age and Sex

If the age or sex, if applicable, of an Annuitant has been misstated, we will adjust any benefit payable under this contract, based on the correct age and sex. Any overpayments we make because of such misstatement, with interest at 5% a year, compounded annually, will be charged against benefits falling due after the adjustment. If we make any underpayment because of such misstatement, we will pay the balance immediately, with interest at 5% a year, compounded annually.

Proof of Age and Survival

We have the right to require satisfactory proof in Good Order of the age of an Annuitant and that an Annuitant is living when a payment is contingent upon the Annuitant's survival. We have the right to discontinue Annuity Payments until we receive proof in Good Order at our Customer Service Office.

Notice of Death

We require that the death of an Annuitant, Owner or beneficiary must be reported to our Customer Service Office as soon as reasonably possible. We are entitled to recover any overpayments made to a payee due to the failure to provide timely notification of such death.

Protection of Benefits

To the extent permitted by law, the payments made under an Annuity Payment Option will not be subject to encumbrance, or to the claims of creditors or legal process.

Communications with Us

We receive all communications only at our Customer Service Office. Please include the contract number, full names of any Owner(s) and Annuitant, and each Owner's current address in all correspondence with us.

Payments by Us

Any payment by us under this contract is payable at our Customer Service Office.

Nonparticipating

This contract is not eligible for dividends and will not share in the surplus earnings of GIAC.

Annuity Taxes

In jurisdictions in which an annuity tax is payable when a premium payment is received, we will deduct the amount of tax payable prior to determining the Annuity Payment under this contract.

In jurisdictions that do not require payment of a tax, the above paragraph will not apply.

PAYMENT ACCELERATION RIDER

This rider is made part of the contract to which it is attached. This rider provides for the option of electing to accelerate Annuity Payments under the Basic Contract. To the extent any provisions contained in this rider are contrary to or inconsistent with those of the Basic Contract, the provisions of this rider will control.

Payment Acceleration Feature

While this rider is in effect, an Owner may elect to accelerate five monthly Annuity Payments at any time on or after the date the Owner attains age 59 ½ and receive those payments in one lump sum. The amount of the accelerated Annuity Payment will be the present value of the Annuity Payments being accelerated. The interest rate used to compute the present value of the accelerated Annuity Payment will be the Payment Acceleration Interest Rate shown on the Contract Data page. The present value of the Annuity Payments being accelerated will always be less than the sum of those payments and the higher the Payment Acceleration Interest Rate the lower the present value. The accelerated Annuity Payment will be paid on the next scheduled Annuity Payment date following receipt of the request for acceleration at our Customer Service Office in Good Order. The payment on that Annuity Payment date will consist of the accelerated Annuity Payment plus the regularly scheduled Annuity Payment.

We will stop scheduled Annuity Payments under the contract after the payment of the accelerated Annuity Payment is made. Scheduled Annuity Payments will resume on the Annuity Payment date next following the last Annuity Payment accelerated under this rider. Such scheduled Annuity Payments are not affected by the acceleration of the Annuity Payments described in this rider. Acceleration of Annuity Payments can occur only one time during the life of the Basic Contract.

You may request information on the accelerated Annuity Payment at any time. Within 15 days of our receipt of such request, we will provide you with the following: (a) the present value of the Annuity Payments being accelerated; (b) an explanation of how the present value of the Annuity Payments being accelerated was calculated; and (c) the paperwork necessary to process the request.

If you request to receive the accelerated Annuity Payment prior to receiving the information described above, we will send the information to you within 15 days of our receipt of such request. You may then elect to receive the accelerated Annuity Payment by submitting the completed paperwork in Good Order to our Customer Service Office.

Termination

This rider terminates on the earliest of the following:

- the date the Basic Contract terminates; or
 - six months prior to the Annuity Payment Guaranteed Period End Date shown on the Contract Data page; or
 - the date an acceleration request under this rider is processed.

% federal income tax*

* If you do not select a federal income tax withholding percentage or if you designate less than 10% above, GIAC will withhold the minimum amount required by current federal law, which is 10%. GIAC does not withhold taxes from or provide tax reporting on Custodial IRA contracts. Additional restrictions may apply.

properly complete Form W-8BEN and treaty provisions pertaining to their country of residence provide for a different withholding amount.

- ** State income tax withholding requirements vary depending on your state of primary residence at the time of the payment.

 States fall into one of the following four categories:
 - I) Certain states require state income tax withholding if federal income tax is withheld. In these states, if you indicate a federal income tax withholding percentage and you do not indicate a state income tax withholding percentage above, GIAC will withhold our standard default withholding percentage unless you specify a different percentage other than zero.
 - 2) Certain other states require state income tax withholding if federal income tax is withheld unless you specifically elect to have no state tax withheld.
 - a. In these states, if you indicate a federal income tax withholding percentage and you indicate a state income tax withholding percentage above, GIAC will withhold the state income tax amount specified.
 - b. In these states, if you indicate a federal income tax withholding percentage and you do not indicate a state income tax withholding percentage or you indicate zero percentage above, GIAC considers this electing out of state income tax withholding and will not withhold state income taxes.

Withhold

% federal income tax*

* If you do not select a federal income tax withholding percentage or if you designate less than 10% above, GIAC will withhold the minimum amount required by current federal law, which is 10%. GIAC does not withhold taxes from or provide tax reporting on Custodial IRA contracts. Additional restrictions may apply.

properly complete Form W-8BEN and treaty provisions pertaining to their country of residence provide for a different withholding amount.

- ** State income tax withholding requirements vary depending on your state of primary residence at the time of the payment.

 States fall into one of the following four categories:
 - I) Certain states require state income tax withholding if federal income tax is withheld. In these states, if you indicate a federal income tax withholding percentage and you do not indicate a state income tax withholding percentage above, GIAC will withhold our standard default withholding percentage unless you specify a different percentage other than zero.
 - 2) Certain other states require state income tax withholding if federal income tax is withheld unless you specifically elect to have no state tax withheld.
 - a. In these states, if you indicate a federal income tax withholding percentage and you indicate a state income tax withholding percentage above, GIAC will withhold the state income tax amount specified.
 - b. In these states, if you indicate a federal income tax withholding percentage and you do not indicate a state income tax withholding percentage or you indicate zero percentage above, GIAC considers this electing out of state income tax withholding and will not withhold state income taxes.

(Continued)

10. WITHHOLDING ELECTION & IMPORTANT TAX NOTIFICATION (Continued)

- 3) Some states allow voluntary state income tax withholding. In these states, if you indicate a federal income tax withholding percentage and you indicate a state income tax withholding percentage above, GIAC will withhold the state income tax amount specified.
- 4) Some states do not accept state income tax withholding. In these states, we will not withhold state income tax regardless of the instruction you have provided above.

To determine the requirements in your state, consult your tax advisor. For a list of GIAC's standard state withholding guidelines, visit our website at [www.guardianinvestor.com/public/products/statetaxwithholding.aspx] or contact GIAC Customer Service at [1-800-221-3253, Option 1,0.] Variable 7

Acknowledgements

As owner of this annuity, I represent the following: (1) To the best of my knowledge and belief, all statements in this application are complete and true and were correctly recorded; (2) I understand that the contract applied for will not begin until the later of: (a) contract issue, or (b) GIAC's receipt of the contract premium; (3) I understand that the first annuity payment will be sent to me either 30 days, three months, six months, or one year (correlating to the payment frequency I selected) after contract issue; (4) I understand that GIAC has the unilateral right to determine if any contract can be issued and that only GIAC can waive or modify any terms of this application or any GIAC contract requirements; (5) I acknowledge that I have received a marketing brochure with this application and have had an opportunity to ask my agent questions about the annuity payment options and other contract features available to me; (6) I understand that an illustration is available to show me how my choices will impact my annuity payments; and (7) if I have chosen the optional Annuity Payment Increase Benefit, I have received an illustration reflecting how my choice will impact my annuity payments.

I further understand that federal law requires all financial institutions to obtain and record information that identifies each person who applies for an annuity. To meet this requirement GIAC asks for my name, social security number, street address, date of birth and other information to verify my identity. Failure to provide this information could result in the annuity contract not being issued.
